Otherwise, could do as a separate demo in the narthex • Council communication – We agreed to the norm of emailing within this council group safely (with only council members on the email) and not forwarding any council emails to other individuals. Rather, if others need to be informed of something, we should start a separate email with those individuals (not forwarding the original email) with clarity about who is on the email in the greeting. • 2025 Budget Prep – Laurie will check with Jennifer on who leads the women of LOC and whether that's required. • Finance Committee will be preparing and sharing information about estate planning and giving to the church • We are running behind on stewardship pledges so Natasha will create an online form and give it to Terri for the Beacon so we can also collect pledges via a link.
